Our first goal

- Stop poaching
- Maunabo – we have been successful
 - No killed nesting turtle since 2007
 - No poached nest since 2010
- But...

Yabucoa

What are we trying to solve or what problem?

Centro Educativo ATMAR

But...there are other problems

34 % of
leatherback nest
during 2012
season were
predated by dogs

- Season 2013 we initiate a project to remove dogs from the beaches
- Season 2014 only 2% of nest were predated by dogs

- July 24, 2014. 65 leatherbacks newborns playing basketball.

!Wait for me I want to play!

Patillas Season 2013

- 3 adult hawksbill crossing the road were killed by cars.
- 1 lady was hit by a car while trying to save a hawksbill, she died one month later.

- USFWS funds
- DNER support- Carlos
- ATMAR volunteers
- Local school
